

WALK SMART. ARRIVE ALIVE DE

Delaware Department
of Transportation

IT'S A NO BRAINER.

CROSS AT MARKED CROSSWALKS.

Did you know that out of all the deaths that occurred on Delaware roadways last year, 1 in 4 was a pedestrian death? And for every pedestrian killed, 10 more were injured. In fact, from 2005 to 2012, there were 28 crashes resulting in 22 pedestrian injuries and 2 pedestrian fatalities along Kirkwood Highway from St. James Church Road to Route 141.

Things you can do to avoid walking toward a dead end:

- Do not walk under the influence of drugs or alcohol.
- Cross only at crosswalks or intersections with signals or traffic signs.
- Do not step into a crosswalk if it will create a hazard to motorists, even though you have the right of way.
- Use sidewalks. If there isn't a sidewalk, walk facing traffic and as far off the edge of the road as possible.
- Carry a flashlight or other reflective items when walking at night.
- Do not hitchhike.
